README for "Expertise Overlap and Team Productivity: Evidence from the Hospital Industry"
By Danyelle Branco, Bladimir Carrillo, Di Fang, and Wilman Iglesias
Journal of Political Economy Microeconomics

Files/Folder List

1. 0-run-all.do
2. Final-replication-kit

“0-run-all.do” contains code to replicate all tables, figures, and appendices. To execute the program, edit line 7 of the code to refer to the folder that contains “final-replication-kit.”

Data required: Our analysis uses microdata from Brazilian Health System with information on patients and physicians. These data include *Cadastro Nacional de Estabelecimentos de Saúde* (CNES), *Serviços Profissionais files of the Sistema de Informações Hospitalares* (SIH-SP), *Reduzida files of the Sistema de Informações Hospitalares* (SIH-RD), and *Sistema de Informações de Mortalidade* (SIM). Researchers may request these data by contacting datasus@saude.gov.br.
