Errata Accompanying "Unpacking Nonviolent Campaigns: Introducing the NAVCO 2.0 Dataset"

Updated May 5, 2013

In the article, Table I is missing the variable "primary resistance method," and several of the observations for the variables "Existence of radical flank" and "Change in primary resistance method" are incorrect. Please see the corrected values highlighted in the table below.

Table I: Summary statistics, NAVCO 2.0 dataset (revised).

Variable	Observations (n=1726)	Percentage missing obs (%)	Mean	Standard deviation
Primary resistance method	1726	0	.20	.40
New named campaign organizations	1473	14.66	.99	1.93
Campaign size	1550	10.20	1.62	1.03
