Hi
user1

Hello
user2

How are you ?
user1

I think republicans are slightly more hypocritical but the left and the right both when leaned far to the ends are extremely biased and hypocritical. the ends are always the same
user2

im fine how are you
user2

But when looking at a general scale towards the middle of a political scale I would say republicans are more hypocritical then democrats.
user2

Yes I agreed with you
user1

Also I tend to think the older the people are whether republican or democrat are more hypocritical, just from as you age everyone seems to get cynical
user2

The Republican Party, also referred to as the GOP, is one of the two major contemporary political parties in the United States, along with its main historic rival, the Democratic Party
user1

Yes that is true.
user2

Democratic platforms seek to promote social programs, labor unions, consumer protection, workplace safety regulation, equal opportunity, disability rights, racial equity, regulations against environmental pollution, and criminal justice reform.
user1

I think at the beginning democrats were actually more like republican's are now
user2

A democrat is a person who believes in the rule of the people. If you think students should have a say in what courses they take in school, then it's very likely that you're a democrat.
user1

what political party do you lean towards
user2

Democratic
user1

Same
user2

I think We have a healthy communication
user1

In college I tend to see younger democrats be more hypocritical as well,
user2

repulicans seem the older to be more like that, democrats the younger seem more, its kinda of funny if you tihnk about it.
user2
