To be honest this is a very difficult question. In my opinion this is mostly related to general terms as a society or as a whole. That is why I am not a very strong democrat.

I do not like to look at things as left or right. I look at this morally and responsibly. Both parties tend to have double standards with some hypocrisy in the mix
user1

I agree with you. I am a strong democrat but I don't think of either democrats or republicans as being hypocritical
user2

But if I were to associate with a group it would be the democrats for their compassion and scientific approach to most things.
user1

I am a strong Democrat. Did you watch the State of the Union speech last night?
user2

No, I was working unfortunately
user1

The president gave an excellent speech.
user2

Yes I watched it Shayla
user2

I will be watching them online when I get a chance though
user1

Republicans and Democrats loved the speech.
user2

It was well received.
user2

You may enjoy it.
user2

I thought the speech was excellent also. It's nice that both republicans and democrats finally have an issue to agree on!
user2

Meaning Ukraine, of course!
user2

Jay, you seem to think democrats are hypocritcal because they rely so much on science, am I right?
