Hi!

I think Republicans are more hypocritical than Democrats.

I think Republicans are far more hypocritical than Democrats.
user2

Agreed!
user1

The disassociation with fact-based policy is probably the biggest reason I feel this way.
user2

I think they're more hypocritical because the Party likes to preach small government, but wants the government to insert itself in the lives of people when it comes to abortion, marriage, and what's taught in school.
user1

Those are just a few examples.
user1

There are hypocrites in the Democratic Party but I feel it is just far more entrenched in Republican politics.
user2

I agree that our party is not perfect.
user1

Exactly.
user2

This was pleasant, I expected the chat to be a chore. :)
user2

Truth! Very nice chatting with you. Take care.
