Hello

Hi there
user2

So what do you think? I think the Republicans are more hypocritical but the Dems are not much better.
user2

Same here. Especially with some of the current news.
user1

I know what you mean. I just wish for once politicians would do what they were elected to do and not spend their time chasing the almighty dollar.
user2

I've seen Republicans blaming Democrats for the baby formula shortage but then not voting to support the bill to get more.
user1

And the Democrats keep saying something needs to be done but are too weak to follow through.
user1

Yeah, and also introducing a minimum wage bill but not bringing it into law.
user2

They are weak. They're terrified of not getting re-elected if they stand up for what they know is right.
user2

And as for Reps grandstanding to their white supremacist and Trumpist overlords. What a bunch of cretins. Do your darn jobs!
user2

I like how we jumped straight to politicians. ðŸ˜…
user1

As for the average citizen, I feel like Republicans are more hypocritical about how civil rights should be applied.
user1

They're what's wrong with this country, lol. Get a decent bunch in and something might actually get done!
user2

If they had their way, all minorities would be slaves and servants, just like the "good" old days. And don't even get me started on abortion...
user2

Yup, the good ole pro-life until the baby is actually born crowd. It's absolutely maddening.
