Hi
user1

Hello, how are you?
user2

What is your opinion on the school shooting in Texas
user1

am doing very well
user1

I feel that republicans are more hypocritical because they make it very hard to work with democrats. What are your thoughts?
user2

Btw I was deeply saddened, hurt and upset by the Texas school shooting.
user2

Ooooh yes the conservative nature of the republicans is just absurd. Hard to reason together and come up to a mutual agreement.
user1

Republicans tend to oppose many important things such as gun control, recreational drug use and affirmative action.
user2

For instance on taxes, it only makes sense that taxation is progressive. How do they propose taxes to be the same regardless of the pay grade. Not making sense at all
user1

You are absolutely right, it makes no sense whatsoever!
user2

Generally I do not like their way of reasoning.
user1

They make it so hard for us to come together as one nation to make this country a better place.
user2

I agree
