Hi,
user1

Hello
user2

I think republicans are more hypocritical.
user2

The republicans are the worst hypocrites I have ever seen on earth!
user1

Yeah they are selfish and self seeking in most cases
user1

I agree! They say they want to help people but then be laws against it.
user2

The wage bill issue reveals them genuinely, they are hesitant to act only words.
user1

They only support laws that favor and support them
user1

Do you think they are greedy for power?
user1

I do
user2

They just want to keep their power and the status quo.
user2

Democrats aren't any better though
user2

Yeah they feel special than others and they despise other people so much
user1

THey let republicans walk all over then.
user2

Yeah they feel like they deserve more than others. they feel that they should be first
user1

Exactly.
user2

And it's not fair to the general public
user2

Yeah a genuine person need to be selfless
user1

Yes. I mean, there is nothing wrong with some selfishness, but you still need to balance it out with selflessness.
