Hello!

How are you?
user1

Hi, I'm good. How about you?
user2

Great! How would you answer the question above?
user1

I would say Republicans tend to be more hypocritical than Democrats.
user2

Personally, I think both can be pretty hypocritical, but I also think that Republicans are more hypocritical.
user1

Take for example, the issue of abortion.
user1

In general, Republicans want to protect the baby's life. However, when the mother's life is at stake, that doesn't really matter so much to them. That doesn't sound very pro-life to me.
