hello
user1

Hello! Republicans are definitely more hypocritical. They will pick apart everything and agree with nothing!
user2

they are so petty
user1

And they're incredibly ignorant. Most people who are Republicans are what they call RINOs (Republican in Name Only). They just want to look a certain way.
user2

they do not articulate issues, they just oppose
user1

That's right. You think Republicans are more hypocritical?
user2

I think they are!
user1

The crazy thing is, I think I used to identify more on the right side of the scale. Now, I've just continued to move farther and farther left to get away from the right as time goes on.
user2

me too, I have gotten so into the left of late
user1

I struggle too with family members being incredibly critical and mean about anything other than their beliefs.
user2

I do not really care what family thinks. whatever I believe is important to me
user1

That's a good way to take it. It is difficult to maintain any relationship with my parents because of the way they attack everything. I don't care what they think, but I sure wish they weren't so douchey about it.
user2

YOU CAN NOT PLEASE EVERYBODY
user1

That's very true, especially where I live in the U.S. South. It's tough being a Dem down here.
user2

YOU JUST HAVE TO DO WHAT YOU HAVE TO DO
user1

You got that right. And knowing that we believe what we believe for good reason!
