As to the topic, I believe Republicans are more hypocritical.
user2

Okay, well the question is about who is more hypocritical
user1

yes, I agree, Republicans are definitely more hypocritical
user1

Yes, totally agree with you. Especially Rep politicians.
user2

I'm trying hard to think of an exampe, but I literally can't come up with a topic on which they _haven't_ acted as hypocrites during the last five years. Can you?
user1

Lol, can't help you there.
user2

Ever since Trump was elected, they've gone full crazy with their nonsense.
user2

They'll say one thing is bad and then do it without any hesitation.
user2

But some of the most glaring are vaccines--first they demanded that they be released to the public without the usual testing, so that their leader could take credit, but then as soon as the name changed, vaccines are unsafe and untested
user1

True. Just look at Trump's actions. He was against it a few years ago and now he's taking credit for it.
user2

The whole covid situation can be looked at as one big hypocritical mess.
user2

Yeah, he wants to take credit for anything good that happens, and if something bad happens, well, that was the media's fault
