Sub: Submission of Manuscript for publication

Dear Sir/Madam,

We intend to publish an article entitled **'Comparison of Outcome and Success Rate of Onlay Island Flap and Dorsal Inlay Graft in Hypospadia Reconstruction: A Prospective Study'** in your journal as a **'Original Research Article'**. Hereby, I am declaring that all contributors have had participated sufficiently in generating the intellectual content, concept and design of this work or the analysis and interpretation of the data as well as the writing of the manuscript, to hold public responsibility for it and have agreed to have all our names published as contributor.

We believe that this manuscript represents valid work. This manuscript nor one with substantially similar content has been published and is not under consideration for publication elsewhere. We also certify that all of the collected data during this study is presented in this manuscript and no data from the study has been or will be published in separate occasions. We adjure that, upon request from the editors, we will provide the data/information or will cooperate fully in obtaining and providing the data/information on which the manuscript is based, to be taken into consideration by the editors or their assignees.

Prior publication: *"I declare that this article was not yet published in part or whole (except in the form of abstract or is not under consideration for publication elsewhere in any language."*

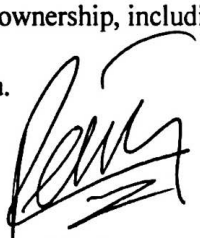
Support: *"I declare that the funding of this study only came from author's institution without any external funding (grants or sponsors)."*

Conflicts of interest: *"I declare that there is no conflict of interest, neither financial or nonfinancial, in the whole process from making to publishing this study."*

Permissions: "*I declare that I did not grant any other Journal or Authority the permission for reproducing pre-published information/material. I also declare that all authors have agreed to be so listed and have seen and approved the manuscript, its consent, and its submission to F1000Research.*"

In time that this work is published by the journal, we hereby transfer, assign, or otherwise convey all copyright ownership, including any and all rights incidental thereto, exclusively to the journal.

Thank you.
Sincerely,



Gerhard Reinaldi Situmorang, MD, PhD
