Replication Data for “Women Running for Office Are Less Risk Averse Than Men. Evidence From Portugal”

By Pedro Magalhães & Miguel M. Pereira
Journal of Politics
July 2023

All the analyses were conducted in R.

Please contact us at m.m.pereira@lse.ac.uk if you have any questions.

############################
Computing environment:
############################
1. macOS Monterey - Version 12.2.1
2. RStudio Version 1.1.463
3. R 4.0.4 GUI 1.74
4. R packages: stargazer; interplot

############################
Replication files:
############################
1. riskaversion_analyses.R - R script to replicate
2. risk_aversion.csv - Main dataset
3. codebook_ra.pdf - Codebook for main dataset (risk_aversion.csv)
