README file for "Female employment and voter turnout – Evidence from India", Anders Kjelsrud and Andreas Kotsadam

---
1. Automated replication procedure

All tables and figures can be replicated from the processed data, which is included in this package. To replicate the results, run the dofile “Analysis_replication”, after replacing the path to the replication package. A log file, “log_of_results.log” is also created by running this dofile and the logfile is also available in the results folder.

---
2. List of processed data files included in the package

Data folder:
estimation_sample.dta
estimation_sample_alternative.dta
mechanism_sample.dta
sample_figure1.dta
sample_tableA1.dta

---
3. List of data sources and licenses

All raw data, and codes for processing, are also available upon request after licenses have been granted. These codes create the processed data files described above.

These datasets are available from the authors as soon as access has been granted from the following sources.

1. MGNREGA Public Data Portal

   - Available from: https://nregarep2.nic.in/netnrega/dynamic2/dynamicreport_new4.aspx
   - No license required.

2. Data on religion and politics in India., Raphael Susewind (2016). Accessed October 2020

   - Available from*: https://github.com/raphael-susewind/india-religion-politics*
   - No license required.

3. Census of India, 2011,

   - Village directory
     - File: census2011_up.csv

    - Available from: https://censusindia.gov.in/2011census/censusdata2k11.aspx

- Primary Census Abstract Data Tables
    - Files: DDW_PCA0901_2011_MDDS with UI.xlsx to DDW_PCA0971_2011_MDDS with UI.xlsx
    - Available from: https://censusindia.gov.in/pca/pcadata/Houselisting-housing-UP.html

- MDDS Location Code Directory,
    - Files: Rdir_2001_MDDS_9.xlsx, Udir_2001_MDDS_9.xlsx
    - Available from: https://censusindia.gov.in/2011census/mdds_directory.aspx

- No license required.

4. Local Government Directory

    - Available from: https://lgdirectory.gov.in/districtWiseDetailReport.do?OWASP_CSRFTOKEN=OUY4-7ACX-73AK-KFQ8-N3CP-GK8K-GX8J-CJQD
    - No license required.

5. Economic Census, 2009

    - Available from: http://microdata.gov.in/nada43/index.php/catalog/ECO
    - License required.

6. The Socioeconomic High-resolution Rural-Urban Geographic Dataset on India (SHRUG)

    - Available from: https://www.devdatalab.org/
    - License required.

7. Lok Dhaba repository of Indian election results

    - Available from: https://lokdhaba.ashoka.edu.in/browse-data?et=GE
    - License required.

8. Prillaman (2021) dataset

    - Available from: https://doi.org/10.7910/DVN/7M6NIP
    - License required.

9. NSS Employment-Unemployment survey 2011-12
    - Available from: http://microdata.gov.in/nada43/index.php/catalog/EUE/about
    - License required.

4. Information on software and version used for the analysis

The analysis and data construction code are written in Stata 15 SE, so users should have some version of Stata 15 or higher.
