Dear Matthew

PROJECT TITLE: Health Governance After Brexit: Law, Language and Legitimacy
APPLICATION: Reference Number 022929

On behalf of the University ethics reviewers who reviewed your project, I am pleased to inform you that on 18/01/2019 the above-named project was **approved** on ethics grounds, on the basis that you will adhere to the following documentation that you submitted for ethics review:

- University research ethics application form 022929 (form submission date: 04/12/2018); (expected project end date: 31/01/2023).
- Participant information sheet 1053976 version 2 (22/01/2019).
- Participant consent form 1053974 version 1 (04/12/2018).

The following optional amendments were suggested:

Approved Anita Kenny Approved with suggested amendments Katharine Dommett I think the information sheet needs the questions I ask to be answered, and attention needs to be given to the issue of whether data will remain in the project if people withdraw, and when/how they can refuse consent for material to be used. Approved with suggested amendments Edward Hall I also urge you to address the issue Kate has raised.

If during the course of the project you need to deviate significantly from the above-approved documentation please inform me since written approval will be required.

Your responsibilities in delivering this research project are set out at the end of this letter.

Yours sincerely

Edward Hall
Ethics Administrator
Politics

Please note the following responsibilities of the researcher in delivering the research project:

- The project must abide by the University's Research Ethics Policy:https://www.sheffield.ac.uk/research-services/ethics-integrity/policy
- The project must abide by the University's Good Research & Innovation Practices Policy: https://www.sheffield.ac.uk/polopoly_fs/1.671066!/file/GRIPPolicy.pdf
- The researcher must inform their supervisor (in the case of a student) or Ethics Administrator (in the case of a member of staff) of any significant changes to the project or the approved documentation.
- The researcher must comply with the requirements of the law and relevant guidelines relating to security and confidentiality of personal data.
- The researcher is responsible for effectively managing the data collected both during and after the end of the project in line with best practice, and any relevant legislative, regulatory or contractual requirements.
