Overview

This repository contains the dataset and Python notebook to replicate Figures 1, 5, and 6 from the main article, showing monthly trading volumes of Ethereum-based DEXs through September 2022 and comparative statics of the equilibrium.

Contents

- DEX_data.csv: Monthly trading volumes of Ethereum-based DEXs.
- code_fig_01.ipynb: Jupyter notebook to replicate Figure 1.
- Aoyagi_Ito_JPEM_comparativestat.ipynb: Jupyter notebook to replicate Figures 5 and 6.

Data Description

- date: Month and year.
- dex_name: DEX name.
- trading_volume: Monthly trading volume.
