List of Replication Files

Data work:

- first_wave_clean.do
  - Cleans 1st wave survey data
  - Generates "first_wave_clean.dta"
- second_wave_clean.do
  - Cleans 2nd wave survey data
  - Generates "second_wave_clean.dta"
- dataset merge.do
  - Merges data from the 1st and 2nd survey waves
  - Generates "data_survey_merged.dta"
- dataset stats.do
  - Generates data summary descriptive statistics (Tables A.1 and A.3)
  - Generates input to Figures A.2 and A.3
- dataset stats sure.do
  - Generates data summary descriptive statistics (Tables A.2 and A.4)

General Test-Retest Correlation Analysis:

- tr_corr.do
  - generates "data_all_vars.dta" and "data_all_vars_outliers.dta"
  - Generates input to Tables 1, 2, A.5, A.6, A.7, and A.9
  - Generates input to Figure 2
- Big5 combinations.do
  - Generates input to Figure 1

Revealed Individual Reliability Analysis:

- ind_tr_analysis.do
  - Generates input to Tables 3, 4, A.8, A.10, A.13, and A.14
- ind_tr_analysis_personality.do
  - Generates input to Tables A.11
- ind_tr_analysis_non_pers.do
  - Generates input to Tables A.12

Outcome Analysis:

- outcomes analysis comparison.do
  - Generates input to Tables 6 and A.15
- outcomes analysis.do
  - Generates input to Table 5

Notes: Figure A.1 is generated based on the theoretical relationship given in the "Notes" under Figure A.1
