Conservative Bias in Perceptions of Public Opinion Among Citizens: Perceived Social Norms About Abortion Rights in Post-Roe United States

Giulia Fornaro
Bocconi University

Replication Instructions

Replication Materials

The replication package includes the following files:

- Stata dataset files:
  - `Main_dataset_PSRM-2024-0085.R1.dta`
  - `Dataset_after_data_cleaning_PSRM-2024-0085.R1.dta`
  - `Dataset_Figure1_PSRM-2024-0085.R1.dta`
- Stata `.do` file for replicating all tables and figures in the main text and appendix:
  - `Replication_file_PSRM-2024-0085.R1.do`

To replicate the results: Open Stata and run the provided `.do` file in the main directory of this replication package:

```
do Replication_file_PSRM-2024-0085.R1.do
```

Machine Information

- **Operating System:** Windows 11
- **RAM:** 32.0 GB

Software Information

- **Stata Version:** Stata 18.0
- **Installed Packages and Versions:**
  - `coefplot` version 1.8.6
  - `estout` version 3.17
  - `esttab` version 2.0.6
  - `ebalance` version 1.5.4
