Corrigendum to:
Ritter, Emily Hencken, and Conrad, Courtenay R. 2016. "Preventing and Responding to Dissent: The Observational Challenges of Explaining Strategic Repression. *American Political Science Review* 110(1):85-99.

30 November 2023

This corrigendum corrects a coding error in Ritter, Emily Hencken, and Conrad, Courtenay R. 2016. "Preventing and Responding to Dissent: The Observational Challenges of Explaining Strategic Repression. *American Political Science Review* 110(1):85-99.

In the published article, we report using data from the Social Conflict Analysis Database (SCAD) to operationalize MOBILIZED DISSENT as the total number of the following events occurring in a given African province-day: organized and spontaneous demonstrations, organized and spontaneous violent riots, general and limited strikes, and other antigovernment violence.

In the creation of our data, however, we erroneously failed to include instances of organized dissent, *etype1*, in our operationalization of MOBILIZED DISSENT.[1] Our reported results and the replication files associated with the published article are based on data that include the erroneous coding of MOBILIZED DISSENT.

We have corrected the error in our operationalization of MOBILIZED DISSENT in our updated replication files. The correction does not significantly change our estimates or affect our substantive conclusions.

[1] We appreciate Avi Attar for bringing this to our attention.
