The College of Eastern Europe, in cooperation with the European Network Remembrance and Solidarity, the Ossolinski National Institute, with funding from the Ministry of Foreign Affairs of the Republic of Poland, is organising the international school "Poland and Central and Eastern Europe." This unique initiative is dedicated to people writing about Poland and Central and Eastern Europe. The School, which comprises lectures and study visits to Warsaw, Bialystok, Cracow, and Wroclaw, is an excellent opportunity to meet Polish scholars, social and civil society activists as well as representatives of public administration. It offers a chance to learn more about Polish history and culture in terms of the co-existence of different cultures and religions— Christian, Jewish, and Muslim. We encourage you to apply! Please see the details below.
