README for replication of results in

# Gender Differences in Reactions to Failure in High-Stakes Competition: Evidence from the National College Entrance Exam Retakes

*Forthcoming at Journal of Political Economy Microeconomics*

The replication package contains a copy of the programs (Gender_Retake_Replication_JPEMicro.do) used to create the final results in the paper and the online Appendix, and also the survey data (Survey_Analysis.dta) used to create Table 9 and Tables A7-A9. The NCEE administrative data used to create the rest of the results is confidential, and researchers interested in gaining access to the data should contact Peng Zhang, zhangpeng@cuhk.edu.cn.
