SUPPLEMENTAL MATERIALS AND REPLICATION FILES - README

To replicate all analyses in the main text of the paper, as well as those in the supplemental materials ("Supplemental Materials - Blinded.pdf"):

1. Run "REPLICATION FILE #1.do" - this contains the data management syntax necessary to run analyses in the 2012 ANES.

2. Run "REPLICATION FILE #2.do" - this contains the syntax for all models and figures presented in the paper and supplemental materials.
