What is CAMPD?

The Clean Air Markets Program Data (CAMPD) web application is the data publication warehouse for allowance, compliance, emissions and facility/unit attributes data collected under EPA's federal emissions trading programs: Cross-State Air Pollution Rule (CSAPR), CSAPR Update, Revised CSAPR Update, Acid Rain Program (ARP), and other retired programs.

CAMPD provides current and historical data using REST APIs which are accessible via the **Clean Air Markets (CAM) API portal**.

The Clean Air and Power Division welcomes all feedback, comments and/or suggestions via our **Contact Us Page**, to ensure CAMPD maintains user friendly and intuitive products for our user community.
