Plan Payment Data Elements

Technical Notes:
The files in this folder contain payment data for Part C Plans, Part D Plans, Part D Plan Reconciliation, and Retiree Drug Subsidy Plans. We have summarized the data categories for each file below. The categories of data are expressed at a summary level only. No proprietary information or beneficiary identifiable information is included within any identified category. In addition, in instances where the level of aggregation identified in a data category was determined to be potentially insufficient to provide adequate protection against any disaggregation, such data is not included in said category.
