INTRO

We Protect Your Data

- We continuously strive to protect the data we collect from you and your Vehicle. We use a dedicated private and secure wireless network. Your Vehicle is designed only to respond to commands from you and from us and only for those features we provide, including door unlock, remote engine start and vehicle location.

  Your contact information (name, address, phone number, email), provided when you subscrib for Connected Vehicle Services, is retained in secure servers.

Your Responsibilities

- Your responsibilities include, but are not limited to, informing passengers and drivers of your Vehicle that data is collected and used by us, and notifying us of a sale or transfer of your Vehicle. If you do not notify us of a sale or transfer, we may continue to send reports or data about the vehicle to the primary subscriber's contact information currently on file, and we are not responsible for any privacy related damages you suffer.
