Am Director, America State Litter Scorecard. Have past testified inside the WJ Clinton HQ. Secretary Zeldin and Secretaries Kennedy Jr. and Hegseth have personally communicated with me the last three weeks.

I strongly support for the EPA's draft Interim Framework for Advancing Consideration of Cumulative Impacts and it's strict oversight, and enforcement mechanism.

The DoD/ Pentagon remains #1 Most Polluting Federal entity.

Final Binding Orders to clean up DoD bases and millions of acres of properties (public/ private) laden with toxic wastes and water by military personnel have been and are still ignored, never cleaned up.

I urge Secretary Zeldin to go to work immediately with Kennedy Jr. and Hegseth, to reduce, end Military-created waste and water pollution, and clean up long forsaken bases and properties.

I am available at your service to help or give expert advice to Make America Clean Again!

Sincerely,
Mx S. Spacek
