***NOTES*: Please remove "#" from program code filenames for "SUPPLEMENTARY ANALYSIS" program code files prior to Executing these particular program files.**

Please note that the statistics pertaining to Between-Within Variation for Subagencies, Evaluating Balance in Binary Indicators, and other miscellaneous analyses appear in the corresponding program and output files entitled *cooperativeagreements.Between-Within Subagency Variation Analysis.11-14-2020.do/smcl*. Since these are ancillary analyses, they are noted here as a special note, and not in the "inventory" of program code and output files that appear below.
