THIRD AND FOURTH GRADES

Topic: *Helping out*

During your life, you will see people who need help for different reasons. Your friend might need help picking up his or her books that fell on the floor, or someone you know might need help getting out of a car. Think of a time when you decided to help someone. Write a paper about who needed your help, what you did, and why you decided to help that person.

Topic: *Playing games – inside or outside*

Video and computer games are very popular. Before electronic games were so common, kids very often played games outside. Write a paper about whether you like to stay inside and play video games or to play games outside. In your paper, give reasons for your opinion and also describe your favorite game to play.
