]. What are the main challenges of CPEC for both Pakistan and china?
For Pakistan major issue is developing internal consensus among major political parties and the federal and provincial go
For China, its a test case and China -Pakistan relations have been and continue to be strategic, CPEC provides an opportu
broaden and deepen these to educational, cultural and economic domain.

2]. What is the Indian apprehension regarding CPEC project particularly, GB issue?
India considers Kashmir,inclusive of GB as 'integral part of India', hence considers CPEC passing through GB as violation of its national so
From Pakistani perspective GB remains most vulnerable part of CPEC to any internal or Indian inspired insurgency.

3]. Dose CPEC has potential to re-configure the geopolitics of three commercially significant regions junction at Gwadar p
South Asia, Central Asia and West Asia ?
In fact the entire B&R has that potential and so does CPEC, see my paper on this that I have sent

4]. Is it a game changer or an economic colony project of China?
In both cases misperception and greater media hype

5]. Dose S.S.D (Special Security Division) has a potential to protect CPEC project from external and internal challenges?
It certainly does have that potential because on Pakistani side military is solidly behind CPEC and sees it as Strategic Project and particula
Gwadar as its key component-- it has quickly began to work on developing its Maritime Strategy in collaboration with China.
