to me

Dear Zahid sahib,
I'm so sorry for keeping you wait. Have been really busy in an ongoing demanding assignment. I hope the following input would be usefu
Best regards,
MS

Main Challenges of CPEC to Pakistan

1- Political instability, which in turn causes economic instability
2- Regional strategic situation might put a security constraint over the CPEC and related projects
3- Pakistan's BoP crisis might create hurdles in timely completion of very demanding nature of mega projects under CPEC (for which Ch
directly investing and is rather relying on Pakistan's own financial management and resource mobilisation potential. The potential that ma
realised because of umpteen strategic, internal security, foreign policy and political challenges of the country.
4- Civil-Military tensions and heavily tilted balance of power towards the military will remain a red flag like a hanging sword. Thus creating
and completely avoidable political crises and tug-of-war.
5- State's soft corner towards India-centric and Afghanistan-centric terrorist groups; alongside, state's patronage of some sectarian extre
organisations might prove catastrophic for internal security
6- The above mentioned factor might also exacerbate tensions with the neighbouring countries, which would accelerate proxy war in the
