ReadMe for Manuscript 2240 – Economics

Open the data file attached '2240_Data.dta' to access the data used for analysis for the manuscript. Open the do-file attached '2240_Do-file.do' to access the program used for data analyses. All commands are labelled per table reported in the manuscript, as well as figure 1. Commands for additional robustness checks are included, the results of which were used in earlier versions of the manuscript.
