Bahçeli	Our Honorable President and his team; I congratulate them for their patient, unsentimental, intelligent, strategic, and diplomatic struggles to defend the nation. Once again, I commemorate our martyrs (in Syria) with mercy, respect, and gratitude.	Turkey belongs to the Turkish nation. Anatolia is the Turkish homeland. The safe and speedy transfer of Syrians to their original homes should be urgently planned and implemented. Overcoming the walls, we have erected on our borders, new immigration flows will darken the future of the nation's existence.	I say that we will be stuck in the bosom of those who splash mud on our survival. If we come back from this struggle, let the sky come in, let the red come out.
Akşener	Mr. Minister @drfahrettinkoca It was not enough for Mr. Erdogan to turn our country into a ditch for asylum seekers, now you are out? What does it mean to accept Europe's Covid patients? How can you put our nation, and our healthcare professionals, at risk of encountering new variants?	Syria's 2018 budget is $8 billion. In other words, Assad spends 8 billion dollars on 18 million Syrians. Our government spends 40 billion dollars on 4 million refugees! Assad is doing a better job than you (Erdogan). Let's give Assad whatever the price is for 4 million refugees and he will take care of them.	"If the AKP era ends, Turkey will be dragged into disaster," he (Erdogan) says. What happens? Will the dollar be 6 liras? Will inflation be 50%? There is no money left, the unemployment fund is coveted. The country is flooded with immigrants, and 4 million Syrians are fed the nation's sustenance. The 5,000-year-old Turkish state will not be destroyed by your departure.
Özdağ	Ahmet Hamo, you came from Syria. You obtained illegal citizenship. Now you're going to teach us how to do politics? I promise I will cancel your illegal citizenship and send you back to Syria.	In the driver's license exam held in Mersin/Erdemli yesterday, Syrians took the exam. The test of the Syrians was in Arabic, and that of the Turks was in Turkish. Moreover, Syrians who took the exam in Arabic obtained Turkish citizenship. When did Turkey become bilingual? What are you doing?	Soylu (minister of interior) said, "We came here from the Mongolian steppes" to defend the refugees. Sülü (a pejorative expression), did we come as refugees? Did the Byzantines give us refugee status? If Sultan Alparslan was alive, he would beat you with a cranberry stove. The Ministry of Internal Affairs does not deserve this much ignorance.
