Leaving Pride Behind survey email invitation text:

Dear Friend,

Thank you for considering to participate in the Leaving Pride Behind study! To qualify, you must be 18 or older and have experienced one or more of the following:

- experienced same-sex attraction at some point in the past but now do not do so or do so much less.
- engaged in same-sex behavior at some point in the past but now do not do so or do so much less.
- identified as lesbian, gay or bisexual (LGB) at some point in the past but now do not do so.

If this describes you, we invite you to click on the link below to get more information about the Leaving Pride Behind survey. Clicking on the link will take you to a page that describes the survey in more detail. After learning more about the survey, if you consent to participate, you can then click on another link to begin the completely anonymous survey itself.

The Leaving Pride Behind study is funded by the Ruth Institute and is being conducted by researchers from the Ruth Institute and the Catholic University of America. We hope to gather enough information from persons who have desisted from LGB identity or behavior to learn more about what they are like and what influences may have led them on this journey. If you would like to know more about the study or have any questions or concerns, please contact the researchers, Fr. Paul Sullins, sullins@cua.edu, or Jennifer Morse, jmorse@ruthinstitute.org

Thank you for your help! To find out more and then take the survey, click here:
