almost all the people in france want to go to the city to work. And at the same time, france need more money to pay the war, and it makes france owe other centuries so much, most of them who went to city for work is farmers, then, it makes people doesn't have enough crop to feed them self. when these things all happened, the king of france still getting the expensive life, and its makes French furious. Then the french Revolution start. And the first action of the revolution is some french attacked the bastille.

The 2nd Tutoring French Revolution.

Peter is one of the king in Russia, when he controled the land, expanded the land and get more communication to the west of the Europe. He built the new school, let the people dressing like Europe's people. But it didn't help the peasants.

the 4th tutoring Expansion of Russia

Catharine is another king in Russia, when she controled the land, she expanded the land and get more communication to the west of the Europe too. But she did better than peter, she get the science, school and lots of other good things to help Russia. And she want to free the peasants, but it is no good to the Nobl Nobles; so she didn't free them. When the peasants want to rebell, she creashed it.

Marron is a group of ~~people~~ people which is the escaped slaves. when these people became a marron, they will ~~b~~ made ~~as~~ some~~di~~ settlement.

~~at~~ At once, spanish get alot's of slaves and plan to ~~so~~ sell them in trench, which spanish get 30,000 of them, then 7,000 of the ~~es~~ became marrons, which means they escaped.

when the spanish started to fought the trench, the marrons become free for a while and lived in ~~the~~ the community they build.
