Why do they still have that as part of the disclaimer before the game starts?

I heard that motherfucker had like, 30 goddamn dicks.

It's just a general disclaimer to cover all the bases because the games deal with fictionalised versions of historical events where some of those issues will have come up.

Oh. Huh. There's something about the Borgias on the start screen.

Makes sense, then.

I heard that motherfucker had like, 30 goddamn dicks.

pretty sure the church is relevant in AC Unity

but what @Uber_Apple said is pretty much what it is
