Wait, wut? Psychopath actually won? I don't think people know what that word means.

And my vote is atheist, so I can further relate.

Pretty much confirmed Spoony will review FFXIII. This will be wondeful.

Atheist. Because people who really believe in gods are... well... ya know.

It means lack of empathy/sympathy, right?

It doesn't automatically make her a killer, it just means she won't be a very happy camper.

Fine, I'm sorry then.

If they actually made a game with a psychopath character that turns out compasionate inthe end, that would be the

final cliche finishing blow to Square.

I am relevant to FF boards and I have haters. It is now confirmed, I am a Final Fantasy character.

Hitzkolpf 3 years ago #19

A spiritual psychopath.

I've yet to see anyone like that.

King_Shortt_IX 3 years ago #20
