I am deeply fascinated by religious issues and I was wondering going through all this games dialogue, is there any mention of The Devil/Lucifer and other religious figures? I mean the crowd talks I know this and there is alot of cutscenes!

maybe you even see statues of religious figures or demons in a church or something!

Also as a last note, I am deeply fascinated by religion, especially Christianity. Fallen Angels, The Knight templars, the 10 plaques etc. Will this game be for me?

Lucifer isn't, but Christianity, the Knights Templar, and Islam are.

None of the others you mentioned. Though, **some minor spoilers**, the Templars are in a plot to take over the modern day world, culminating in a launch of a satellite scheduled for December 21, 2012.

'Minor' my ass.

On GameFaqs, intelligent argument is unseparated from flaming. Or is that in real life...?

MAJOR-HUMONGO-SPOILERS DONT READ IF YOU HAVENT BEAT THE GAME or if you dont care...

What do you mean when you say you're interested? Just in the history, or are you actually like really religious?.

The game basically says that all the religious events described in the bible/koran/torah/whatever were all illusions. At the end of the game, when you go back to the assassin city, you're going to find out that there's now magic in the game. Yes, magic. And this magic lets people cause mass illusions.

And its also heavily hinted (like really heavily) that there was a really advanced civilization that pre-dates us that we have no evidence of anymore.

Worth a rent, nothing more.

Spoilers end.

Why does it have a different name anyway? Why not just electric piano? Ya don't call it a "string stick" just cause you plug it in do you? ~JAyBo
