Probrably not.

But these people think otherwise and want to make a petition.

This is really stupid. Games don't create violence kids IMO. Obviously little kids shouldn't play this, but adults and teenagers who have a decent mental capacity should only have fun with this game.

You know what caused Columbine? Two kids that were pushed too far and that weren't taught how to control themselves. Simple enough. It wasn't Doom or Marilyn Manson.

Also this is the quote the petition is talking about.

"Doom III has slightly lower expectations around it than the second coming of Jesus." - Wired, May 2003

Its a funny quote, but these people took it seriously.

Anyone who is a servant of CHrist will stay far away from this Satanic game. Be warned this game is not of God or from God but from Satan. It's seen in the advertizing and in the actual game itself.

In Christ,
Andrew

You do realize that the point of the game is to save the world from the various "satanic" forces within the game right???

I mean, even if you are convinced that this game is from SATAN! (i have no idea how you could be) whats the point in telling people to not play the game and to not battle the forces of satan??? isnt that the point??? to defeat evil?? sounds like a good message to me.

Ok, Doom 3 is no more "Satanic" than any other videogame. Ouija boards are also not Satanic. Nothing made by Parker Brothers is "Satanic", alright? I really don't agree with Christians who get caught up in this sort of sensationalistic views of particular videogames. It's all ones and zeros and is just designed for entertainment.

And this is one Christian who's gonna buy it and play it, and hopefully, it will scare the heck out of me.

I used to play games like Doom, but not anymore. I just find no need for me to play a game about killing monsters and demons.

I do believe that these games DON'T cause killers, or incidents like Columbine, but are merely a scapegoat to society.

Its not satanic. Its just a game. And besides, if it showed a bunch of frigging angels with harps and said "Hes coming for you" itd be in the 5 dollar bin along with all the other crapola games.

It may have satanic creatures, but you aren't playing as them...LOTR has satanic-ish creatures but they are not portrayed as good, just like in this game. Oh, and if you read the signitures, most of them seem to be jokes. Gief, read up on it a little bit before just claiming that it is satanic...a picture doesn't prove anything.

I defend the makers this game, because it's their right to make it. Why? Because the ratings on the game make it so a little kid won't be buying it. I find it better that you exterminate demons, and not people. At least it's not

Postal. That game was a little over the top.

This isn't like Howard Stern or something. He was on PUBLIC airwaves, spouting off graphic sexual material. As a parent, there isn't a way to stop your kid from listening to it. If Howard was on XM radio, he can talk about all the nasty things he wants. It's a paid service, and from what I understand, you can block certain channels.

I probably wont get it, Im not a fan of things that scare me, and im easily scared, But seriously, its just a game, you kill evil, you defeat evil, the end.

Its just like a Horror movie.

Oh? When the lord said this he was talking about Doom 3?

Heres a question for you. Why is this game so bad when the purpose of it is to FIGHT EVIL? You kill demons! The whole game is about good Vs evil (and you play as the good guy).

This is only a game, it isnt evil unless you let yourself perceive it so..it's all about perception

Now, if someone plays this and goes on a killing spree afterwards then he was mentally ill anyway and would have done it sooner or later.

Uh, check your facts first, the pentagram is not a satanic symbol. The pentagram represents the elemants earth, air, fire, water, and spirit. The inverted pentagram (upside down) can be a satanic symbol, the pointing down just represents the elements of earth and fire over spirit which transelates to earthly desires over spiritual ones.

"But you're battling Satan's minions, not aiding them. Wouldn't that be a good thing?"

The Bible says:

"Turn my eyes from worthless things, and give me life through your word" Psalm 119:37

This game is worthless and is satanic. Jesus died on the cross to defeat Satan and the power of Sin. Why would anyone want to even mess with demons and allow those images to go into their minds?

"The tassels will remind you of the commands of the LORD, and that you are to obey his commands instead of following your own desires and going your own ways, as you are prone to do. I am the LORD your God!'" Numbers 15:39-41

And when he was come to the other side into the country of the Gergesenes, there met him two possessed with devils, coming out of the tombs, exceeding fierce, so that no man might pass by that way. - Matt 8:28

I don't like it when people say Christians CAN'T play Doom 3, but I think I'll agree that Christians should fill their mind with as much positive/Chrisitan thoughts and stimuli as possible. It's not like you'll go to hell if you play it, but whatever a Christian can do to make his/her daily walk with Christ easier, that's what he/she SHOULD do.

I can think of many other games MUCH less disturbing than Doom 3.

HOW THE HELL IS IT DISTURBING!? Nothing in a video game is disturbing, not RE, not SH, not FF, not CT, not Doom, not half life.

Ooh, blood and gore, its just pixels and polygons.

Doom 3 will turn every kid that plays it into devil worshippers and create a columbine situation.
