Version 7

Bathymetry Contours, Lake Victoria, Vector Line, ~2017

Reference Information and Units:

Projection: African Lambert Conformal Conic

ESRI: 102024 (https://epsg.io/102024)

GCS: GCS_WGS_1984

File Naming Convention:

Lake_Victoria_Contours_2m_V7.shp

Data Origin:

These contours were made from the version 7 Lake Victoria bathymetry map.

Data Development:

Contour lines were created at 2 meters intervals using the version 7 Lake Victoria bathymetry map. Version 7 Lake Victoria bathymetry map was created from points taken from an admiral bathymetry map and from points taken in the field. More information regarding bathymetry points can be found in the point metadata file.
